Benefits of Gold in Reflexology

In reflexology and acupuncture, meridians, known as electrical circuits of the body are influenced by gold.

Gold can be used as an accelerator or jumper cable that allows the energy to go from one meridian that is balanced and strong to one that requires a "boost" or "lift."

SELF CARE MADE SIMPLE!

I was diagnosed with Scleroderma and Raynaud's resulting in painful ulcers on my hands, fatigue, body aches and swelling. My Aunt referred me to Dr. Jeanette Wolfe. This was a blessing! Dr. Wolfe created a custom tincture for me to take orally, a balm for my ulcers and a cream for my skin that I use daily.

A year later I feel as though I am thriving again. My family and I are so grateful to have been guided to Dr. Wolfe. She also helped me see the importance in self care which I practice daily. I would gladly refer all of my loved ones to Dr. Jeanette Wolfe. She is a beautiful soul with the gift to heal. N.W. ~
