"Jeanette is a wonderful healer, teacher and guide who has transformed my life. I was referred to Jeanette for chronic pain and infertility issues. Her energy and healing treatments helped me on both an emotional and physical level. Working with Jeanette has led me to feel lighter, joyful, and pain-free. Most importantly, Jeanette's healing gift led to me getting pregnant, and giving birth to a beautiful baby girl! Jeanette continues to be a great source of guidance and healing for our family providing treatments for allergies for our little one, and helping us to be the best version of ourselves. Words cannot really capture how much of a positive force Jeanette has been in our lives. We are forever thankful". Caroline .N
